Mike was about to go to bed, It was 1 am already but he just can't sleep for some reason. Well, I guess he knew the reason. Today mike got to see el. She was wearing little shorts and a shirt and he could not stop thinking about her. She was just so beautiful. In her defense, it was 98 degrees but he knew in the back of his head that she had to be playing with him. Mike's eyes closed, thinking about her. Her beautiful eyes, her little nose, her beautiful body.until he heard something at the window. He played it off like it was nothing because he didn't want to get up. Until it was louder. He rolled out to see what it was. He opened the blinds and he could not believe what he saw. He screamed and fall back. He saw a black shadow. Mike scared. The shadow came closer to the window until mike realized who it was. It was he's sweet, beautiful El. Mike opened the window. "el holy shit you scared me, what are you doing here". I'm sorry I don't mean to " el said looking down to the floor. Mike help her in side, what's wrong el are you ok?. El looked down you could tell she was nervous. El you know you can tell me everything" I just miss you and... I want to see you. Got up and sat on mikes lap. Mikes eye went big, el starting kissing mike before he could say everything. El opened her mouth letting mike in. Then something he never thought would happen happened. El start grinding her hips into his. He could feel himself getting hard. Mike stop el pushing her a little. What are you doing el" he said out of breath. I saw it on the tv they said that you do that to someone you love and I love you mike don't you love

me?" Mike did know what to say. I mean... yes I love you so much" then" el went lower to mikes pants. She touched his thigh "why did you make me stop" mike did know what was happening but he wasn't going to stop her. El undid his zipper and pulled his pants down. El could see his hardness she did really know what did was so she touched it. Mike moan after that el knew that, that was a good sign. El pushed mike on the bed and started removing her clothes leaving her in her panties and bra. Mikes eyes going everywhere on her body he loved her so much. El sat on mike, her eye going huge once she sat. She could feel mike against her panties. She felt like she pee herself but nothing was coming out. Mike moan once she sat. El took off her panties and started pulling mikes boxes off el look down to see all of mike. That goes inside here" el said very confusedly. Mmmm Yeah but I heard that it hurt so if I hurt you just stop ok and" mike said before being cut after by el I will be ok mike" el started to low herself on to mike until MIKE GET UP NOW" mike jump up and fall off the bed he looks for el but couldn't see her. He looked at the clock and it was 8:30 am oh shit" mike said looking down at his bed. He got dressed and gave the sheets and run down morning mom" mike said running past her. She wasn't stupid she knew what was happening to her little boy she just didn't want to meant it. She knew she would be the one to give him the talk knowing ted won't do it. She signed and continue to make breakfast " mom I won't be able to eat breakfast today I going to be late" mike yelled for the The basement. " Why When were are you going" she yelled back, " I told you Dustin has a surprise for us so we are meeting at the cabin" mike said grabbing his backpack "mike" " sorry mom I'm going to be late" mike said running to his bike and riding as fast as he could.
